This Data Processing Addendum (this “**Addendum**”) is effective as of January 1, 2020 (the “**Addendum Effective Date**”) by and between ONEiO Cloud Corporation, (“We”, “Us” or “Our”) and the customer to the Service (“**Customer**”).

This Addendum supplements the ONEiO Master Subscription Agreement, as updated from time to time between Customer and Us, or other agreement between Customer and Us, governing Customer’s use of the Service (the “**Agreement**”).

1. Definitions

Unless otherwise defined in this Addendum or in the Agreement, all capitalised terms used in this Addendum will have the meanings given to them below:

- 1.1. “Location” means the data center facilities, servers, networking equipment, and host software systems that are used to provide the Service.
- 1.2. “ONEiO Security Standards” means the security standards attached to this Addendum as Annex 1.
- 1.3. “Personal Data” means the personal data, as defined in the GDPR, that is forming part of the Customer Data.
- 1.4. “GDPR” means Regulation 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data (General Data Protection Regulation).
- 1.5. “Processing” has the meaning given to it in the GDPR and “process”, “processes” and “processed” will be interpreted accordingly.
- 1.6. “Post-Termination Period” means the 30 days period following the Termination Date in which Customer can retrieve Customer Data from the Service.
- 1.7. “Security Incident” means either (a) a breach of security of the ONEiO Security Standards leading to accidental or unlawful destruction, loss, alteration, unauthorised disclosure of, or access to, any Customer Data; or (b) any unauthorised access to Our equipment or facilities, where in either case such access results in destruction, loss, unauthorised disclosure, or alteration of Customer Data.

2. Data Processing

- 2.1 **Scope and Roles.** This Addendum applies when We are processing Personal Data that is included in the Customer Data. In this context, We will act as “processor” to

the Customer who may act either as “controller” or “processor” with respect to Personal Data (as each term is defined in the GDPR).

2.2 Customer Controls. The Service provides Customer with a number of controls, including security features and functionalities, that Customer may use to delete or restrict the use of Customer Data as described in the Service Description. Customer may use these controls as technical and organisational measures to assist it in connection with its obligations under the GDPR, including its obligations relating to responding to requests from data subjects.

2.3 Details of Data Processing.

2.3.1 Subject matter. The subject matter of the data processing under this Addendum is the Personal Data that is forming part of the Customer Data.

2.3.2 Duration. The duration of the data processing under this Addendum is 30 days unless otherwise expressly agreed with the Customer. The Customer can delete all Customer Data at any time in the Service.

2.3.3 Nature of processing. Instant and automatic transmission of messages between two integrated data systems chosen by the Customer. Transmitted messages are stored in the Service for 30 days for message conversation view. Data transmission is carried out automatically in accordance with the configuration provided by the Customer from time to time.

2.3.4 Purpose. The purpose of the data processing is to enable communication between two different data systems.

2.3.5 Type of Personal Data. The Personal Data is comprised of person and system identification data (eg. name, phone number, email address, office location, login information) included in the Customer Data, as determined by the Customer from time to time. No special categories of personal data (GDPR art. 9) is processed.

2.3.6 Categories of data subjects. The data subjects may include the personnel and customers of the Customer and Customer’s integration counterparty, as well as the personnel of their customers and suppliers.

3. Customer Instructions

We will process Personal Data only in accordance with Customer’s instructions. The parties agree that this Addendum is Customer’s complete and final documented instruction to Us in relation to Personal Data. Additional instructions outside the scope of this Addendum (if any)

require prior written agreement between Us and Customer, including agreement on any additional fees payable by Customer to Us for carrying out such instructions. Customer is entitled to terminate this Addendum and the Agreement if We decline to follow instructions requested by Customer that are outside the scope of, or changed from, those given or agreed to be given in this Addendum. Customer shall ensure that its instructions comply with all laws, rules and regulations applicable in relation to the Personal Data, and that the processing of Customer Data in accordance with Customer's instructions will not cause Us to be in breach of the GDPR.

4. Confidentiality of Customer Data

We will not disclose Customer Data to any government or any other third party, except as necessary to comply with the law or a valid and binding order of a law enforcement agency. If a law enforcement agency sends Us a demand for Customer Data, We will attempt to redirect the law enforcement agency to request that data directly from Customer. As part of this effort, We may provide Customer's basic contact information to the law enforcement agency. If we are compelled to disclose Customer Data to a law enforcement agency, then We will give Customer reasonable notice of the demand to allow Customer to seek a protective order or other appropriate remedy unless We are legally prohibited from doing so.

- (i) We will restrict the sub-processor's access to Customer Data only to what is necessary to maintain the Service or to provide the Service to Customer in accordance with the Documentation, We will prohibit the sub-processor from accessing Customer Data for any other purpose;
- (ii) We will enter into a written agreement with the sub-processor and, to the extent that the sub-processor is performing the same data processing services that are being provided by Us under this Addendum, We will impose on the sub-processor the same contractual obligations that We have under this Addendum; and
- (iii) We will remain responsible for Our compliance with the obligations of this Addendum and for any acts or omissions of the sub-processor that cause Us to breach any of Our obligations under this Addendum.

8. Data Subject Rights

Taking into account the nature of the Service, We offer Customer certain controls as described in Sections 2.2 and 9 that Customer may elect to use to comply with its obligations towards data subjects.

9. Optional Security Features

- 10.3. **Unsuccessful Security Incidents.** Customer agrees that:
- (i) an unsuccessful Security Incident will not be subject to this Section 10. An unsuccessful Security Incident is one that results no unauthorized access to Customer Data or to any of Our equipment or facilities storing Customer Data, and may include, without limitation, pings and other broadcast attacks on firewalls or edge servers, port scans, unsuccessful log-on attempts, denial of service attacks, packet sniffing (or other unauthorized access to traffic data that does not result in access beyond headers) or similar incidents; and
 - (ii) Our obligation to report or respond to a Security Incident under this Section 10 is not and will not be construed as an acknowledgement by Us of any fault or liability with respect to the Security Incident.
- 10.4. **Communication.** Notification(s) of Security Incidents, if any, will be delivered to one or more of Customer's administrators by any means We select, including via email. It is Customer's sole responsibility to ensure that Customer's administrators maintain accurate contact information on the management console of the Service at all times.

This audit: (a) will be performed at least annually; (b) will be performed by independent third-party security professionals at Our selection and expense; and (c) will result in the generation of an audit report ("Report"), which will be Our Confidential Information. Such Reports will be made available to Customer subject to a mutually agreed upon non-disclosure agreement covering the Report (an "NDA").
- 11.3. **Audit Reports.** At Customer's written request, We will provide Customer with a confidential Report so that Customer can reasonably verify Our compliance with Our obligations under this Addendum. The Report will constitute Our Confidential Information under the confidentiality provisions of the Agreement or the NDA, as applicable.
- 11.4. **Customer's Independent Determination.** Customer is responsible for reviewing the information made available by Us relating to data security and making an independent determination as to whether the Service meets Customer's requirements and legal obligations as well as Customer's obligations under this Addendum.
- 11.5. **Customer Audits.** Customer agrees to exercise any right it may have to conduct an audit or inspection by instructing Us to carry out the audit described in Section 11.2. If Customer wishes to change this instruction regarding the audit, then Customer has the right to request a change to this instruction by sending Us written notice as provided for in the Agreement. If We decline to follow any instruction requested by Customer regarding audits or inspections, Customer is entitled to terminate this Addendum and the Agreement.

No later than the end of the 30-day period, Customer will close all ONEiO accounts. We will delete all Customer Data promptly after the Post-Termination Period, unless prohibited by law or an order of a governmental or regulatory body.

Annex 1

ONEiO Security Standards

Capitalised terms not otherwise defined in this document have the meanings assigned to them in the applicable ONEiO Master Subscription Agreement.

1. Information Security Program. We will maintain an information security program (including the adoption and enforcement of internal policies and procedures) designed (a) to satisfy the security objectives: availability, integrity and confidentiality, (b) to identify reasonably foreseeable and internal risks to security and unauthorised access to the Service, and (c) to minimise security risks, including through risk assessment and regular testing. We will designate one or more employees to coordinate and be accountable for the information security program. The information security program will include the following measures:

1.1. Data Security. The Service will be electronically accessible to employees, contractors and any other person as necessary to provide the Service. We will maintain access controls and policies to manage what access is allowed to the Service. We will maintain corrective action and incident response plans to respond to potential security threats.

1.2. Physical Security

1.2.1. Physical Access Controls. Facilities where physical components of the Service are housed ("Facilities") have physical barrier controls to prevent unauthorised entrance to the Facilities. Passage through the physical barriers at the Facilities requires either electronic access control validation (e.g., card access systems, etc.) or validation by human security personnel (e.g., contract or in-house security guard service, receptionist, etc.). Visitors are required to sign-in with designated personnel, must show appropriate identification, are assigned a visitor ID badge that must be worn while the visitor is at any of the Facilities, and are continually escorted by authorised employees or contractors while visiting the Facilities.

1.2.2. Limited Employee and Contractor Access. Our sub-contractors provide access to Facilities to those employees and contractors who have a legitimate business need for such access privileges. When an employee or contractor no longer has a business need for the access privileges assigned to him/her, the access privileges are promptly revoked.

1.2.3. Physical Security Protections. All access points /doors are maintained in a secured (locked) state. Access points to the Facilities are monitored by video surveillance cameras designed to record all individuals accessing the Facilities. Our sub-contractor also maintains electronic intrusion detection systems designed to detect unauthorised access to the Facilities, including monitoring points of vulnerability with door contacts, glass breakage devices, interior motion-detection, or other devices designed to detect individuals attempting

to gain access to the Facilities. All physical access to the Facilities by employees and contractors is logged and routinely audited.

2. **Continued Evaluation.** We will conduct periodic reviews of the security of the Service and adequacy of its information security program as measured against industry security standards and its policies and procedures. We will continually evaluate the security of the Service to determine whether additional or different security measures are required to respond to new security risks or findings generated by the periodic reviews.

User Terms and Acceptable Use Policy

Effective Date: March 4, 2019. Last updated July 22, 2020.

These User Terms of Service (the “**User Terms**”) govern your access and use of ONEiO integration service (the “**Service**”). Even though you are signing onto an existing account, these User Terms apply.

1. Legally Binding Terms

These User Terms are a legally binding contract between you and us. As part of these User Terms, you agree to comply with the most recent version of our Acceptable Use Policy, which is incorporated by reference into these User Terms. Reference to these User Terms includes reference to the Acceptable Use Policy. If you access or use the Service, or continue accessing or using the Service after being notified of a change to the User Terms, you confirm that you have read, understand and agree to be bound by the User Terms. “We”, “our” and “us” refer to ONEiO Cloud Corporation. You must be 18 years of age or older to use the Service.

Customer’s Choices and Instructions

2. Customer’s ONEiO subscription(s)

An organization or other third party that we refer to in these User Terms as “**Customer**” has usually invited you to access the Customer’s integration subscription. If you are accessing one of your employer’s subscriptions, Customer is your employer. If you are accessing an integration subscription created by an individual for her own account, she is our Customer and she is authorizing you to join her subscription. If you are accessing your own ONEiO integration subscription, then you are both ONEiO Customer and Authorized User.

3. What this means for You

Customer has separately agreed to ONEiO Terms of Service (the “**Contract**”) that permits Customer to create and configure integrations in the Service. Each invitee granted access to the Service, including you, is an “**Authorized User**”. The Contract contains our commitment to deliver the Service to Customer, who may then invite Authorized Users to access the Service. When an Authorized User (including you) creates or edits integration configurations (“**Configurations**”) or submits content to the Service, such as messages or files (“**Customer Data**”), you acknowledge and agree that such Configurations and Customer Data is owned by Customer.

4. Relationship Between You and Customer, No Warranties

AS BETWEEN US AND CUSTOMER YOU AGREE THAT IT IS SOLELY CUSTOMER’S RESPONSIBILITY TO (A) INFORM YOU OF ANY RELEVANT CUSTOMER POLICIES AND PRACTICES IN RELATION TO USE OF SERVICE; (B) OBTAIN ANY RIGHTS, PERMISSIONS OR CONSENTS FROM YOU THAT ARE NECESSARY FOR THE LAWFUL USE OF CUSTOMER DATA AND THE OPERATION OF THE SERVICE; (C) ENSURE THAT THE TRANSFER AND PROCESSING OF CUSTOMER DATA UNDER THE CONTRACT IS LAWFUL; AND (D) RESPOND TO AND RESOLVE ANY DISPUTE RELATING TO CUSTOMER DATA OR USE OF

THE SERVICE. WE MAKE NO REPRESENTATIONS OR WARRANTIES OF ANY KIND, WHETHER EXPRESS OR IMPLIED TO YOU RELATING TO THE SERVICE, WHICH IS PROVIDED TO YOU ON AN "AS IS" AND "AS AVAILABLE" BASIS.

5. Follow the Rules

To help ensure a safe and productive work environment, all Authorized Users must comply with our Acceptable Use Policy and remain vigilant in reporting inappropriate behavior or content to Customer and us.

6. Termination of User Account

These User Terms remain effective until Customer's subscription expires or terminates, or your access to the Service has been terminated by Customer, you or us. You are entitled to terminate your account to the Service at any time or for any reason, or for no reason.

7. Limitation of Liability

If we believe that there is a violation of the Contract, User Terms, or any of our other policies, we may directly step in and take what we determine to be appropriate action (including disabling your account), if Customer does not take appropriate action or we believe there is a credible risk of harm to the Service, Authorized Users, or any third parties.

IN NO EVENT WILL WE HAVE ANY LIABILITY FOR ANY LOST PROFITS OR REVENUES OR FOR ANY INDIRECT, SPECIAL, INCIDENTAL, CONSEQUENTIAL, COVER OR PUNITIVE DAMAGES HOWEVER CAUSED, WHETHER IN CONTRACT, TORT OR UNDER ANY OTHER THEORY OF LIABILITY, AND WHETHER OR NOT WE HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. OUR MAXIMUM AGGREGATE LIABILITY TO YOU FOR ANY BREACH OF THE USER TERMS IS ONE HUNDRED DOLLARS (\$100) IN THE AGGREGATE. THE FOREGOING DISCLAIMERS WILL NOT APPLY TO THE EXTENT PROHIBITED BY APPLICABLE LAW.

8. Application of Consumer Law

ONEiO is intended for use by businesses and organizations and not for consumer purposes. To the maximum extent permitted by law, you hereby acknowledge and agree that consumer laws do not apply. If however any consumer laws do apply and cannot be lawfully excluded, nothing in these User Terms will restrict, exclude or modify any statutory warranties, guarantees, rights or remedies you have, and our liability is limited (at our option) to the replacement, repair or resupply of the Service or the pro-rata refund to Customer of pre-paid fees covering the remainder of the term.

9. Survival

Sections 4, "Relationship Between You and Customer, No Warranties;" 7. "Limitation of Liability;" and 9. "Survival;" as well as all of the provisions under the general heading "General Provisions" will survive any termination or expiration of the User Terms.

General Provisions

10. Notices

Except as otherwise set forth herein, all notices under the User Terms will be by email, although we may choose to provide notice to Authorized Users through the Service. Notices to Us should be sent to feedback@oneio.cloud, except for legal notices, which must be sent to legal@oneio.cloud.

A notice will be deemed to have been duly given (a) the day after it is sent, in the case of a notice sent through email; and (b) the same day, in the case of a notice sent through the Service. Notices under the Contract will be delivered solely to Customer in accordance with the terms of the Contract.

11. Privacy Policy

Please review our Privacy Policy for more information on how we collect and use data relating to the use and performance of the Service.

12. Modifications

As our business evolves, we may change these User Terms. If we make a material change to the User Terms, we will provide you with reasonable notice prior to the change taking effect. You can review the most current version of the User Terms at any time by visiting this page, and by visiting the other pages that are referenced in these User Terms: Acceptable Use Policy and Privacy Policy. Any material revisions to these User Terms will become effective on the date set forth in our notice, and all other changes will become effective on the date we publish the change. If you use the Service after the effective date of any changes, that use will constitute your acceptance of the revised User Terms.

13. Waiver

No failure or delay by either party in exercising any right under the User Terms, will constitute a waiver of that right. No waiver under the User Terms will be effective unless made in writing and signed by an authorized representative of the party being deemed to have granted the waiver.

14. Severability

If any provision of the User Terms is held by a court of competent jurisdiction to be contrary to law, the provision will be modified by the court and interpreted so as best to accomplish the objectives of the original provision to the fullest extent permitted by law, and the remaining provisions of the User Terms will remain in effect.

15. Assignment

You may not assign any of your rights or delegate your obligations under these User Terms, whether by operation of law or otherwise, without the prior written consent of us (not to be unreasonably withheld). We may assign these User Terms in their entirety (including all terms and conditions incorporated herein by reference), without your consent, to a corporate

affiliate or in connection with a merger, acquisition, corporate reorganization, or sale of all or substantially all of our assets.

16. Governing Law & Venue

These User Terms and any disputes arising out of or related hereto, will be governed exclusively by the same applicable governing law of the Contract, without regard to conflicts of laws rules or the United Nations Convention on the International Sale of Goods. The courts located in the applicable venue of the Contract will have exclusive jurisdiction to adjudicate any dispute arising out of or relating to the User Terms or its formation, interpretation or enforcement. Each party hereby consents and submits to the exclusive jurisdiction of such courts. In any action or proceeding to enforce rights under the User Terms, the prevailing party will be entitled to recover its reasonable costs and attorney's fees.

17. Entire Agreement

These User Terms, including any terms incorporated by reference into the User Terms, constitute the entire agreement between you and us and supersede all other agreements, proposals or representations concerning its subject matter. To the extent of any conflict or inconsistency between the provisions in these User Terms and any pages referenced in these User Terms, the terms of these User Terms will first prevail; provided, however, that if there is a conflict or inconsistency between the Contract and the User Terms, the terms of the Contract will first prevail, followed by the provisions in these User Terms, and then followed by the pages referenced in these User Terms (e.g., the Privacy Policy). Customer will be responsible for notifying Authorized Users of those conflicts or inconsistencies and until such time the terms set forth herein will be binding.
